EXPERIMENT-05

NAME: KARTHICK.K ROLL NO: 240701231

TASK ANALYSIS

KEY ASPECTS:

- **User Account Management**

Users can create accounts, log in, and manage their personal profiles to access anime content and manage their watchlists.

- **Search and Browse Anime**

Users can search or browse anime based on categories like genre, popularity, rating, or release year.

- **Watchlist and Management**

The system allows users to add anime to a watchlist, mark and track watched or upcoming episodes.

- **Streaming and Episode Management**

Users can watch anime episodes, and the system keeps track of episode availability and updates new releases.

- **User Ratings and Reviews**

Users can rate anime and provide reviews, helping others discover popular or highly recommended shows.

- **Payment and Subscription (if applicable)**

If the system offers premium services, users can subscribe to paid plans to access exclusive anime content.

User Flow – Step by Step (Based on Your Flowchart)

Step 1: Start

WIREFRAME:

• The process begins when the user opens the application or website.

Step 2: Login Details

• The user enters login credentials such as **username and password**.
• If the user does not have an account, they can create a new account.
• The system verifies the login information.

Step 3: Home Page

• After successful login, the system displays the **home page**.
• The user can browse available products or subscription services.

Step 4: Product Details

• The user selects a product or subscription plan.
• The system displays product information such as:
o Product name
o Price
o Features or description

Step 5: Payment Method

• The user chooses a preferred payment option such as:
o UPI
o Credit Card
o Debit Card
o Online Wallet

Step 6: Payment Confirmed

• The system processes the payment transaction.

Decision Step:
• If payment fails → The user retries the payment.
• If payment is successful → The payment is confirmed.

WIREFRAME:

Step 7: End

- The process is completed after successful payment confirmation.
